"A quick trip to Miami later"

Hi there ~ uh- what're you doing?
trying to figure something out.
I just don't get it.
?
Miami set up great, but I've got a really slow transfer rate here.
It's like I'm getting a bunch of errors from somewhere.
CHIK
try it now.
Hey! ~ it-it's better! everything's running a lot faster now.
DIT!
what did you do?
don't ask me. I don't know anything about this stuff.
©EWS

Sabrina?
what do you think of Thomas?
You're asking ME?
I valve your opinion.
Oh, really?
Just answer the question.
Well, I knew him from school a couple years back. He's probably one of the nicest guys I've ever known
I don't have any problems with him, if it makes you feel any better.
Say hi to Tom for me, will ya?
THOMAS.

"She's kidding, folks."
Sabrina! all I'm asking..
OK! ok, I won't call him "Tom" anymore.
I realize you don't know much about our relationship, but-
Amy, I've known everything about you two since I heard your screams of joy coming from our apartment two weeks ago.
you what?
you heard that?
Don't worry, it doesn't bother me.
I-I just want you to understand how we feel about each other.
I do,
-and after I put this JPEG on the 'net, everyone else will too.

PSHHHH!
Hello.
Thought I'd let you know something.
I scanned your photo and cut out the head.
Then I pasted it on a nude photo of that "Samantha" model and E-mailed it to everyone you know.
REALLY!?!
No. I'm kidding.
YOU KNOW HOW TO SEND FILES WITH MAIL!?

"No, that is NOT Ms. Pac-Man."

The name conflict had finally been resolved. Apparently, Thomas didn't mind being called by a nickname.
With crisis averted, everyone was satisfied.
- Some more than others.
{contented} SIGH
but, as is the nature of these narrative comic strips, nothing stays quiet for very long.
and deep down, we all know a new conflict invariably happens to throw everything out of whack.
Oh no! I am NOT letting any of youguys fertilize ME!
There's two trillion of us. Give it your best shot.

THE INTERNET FOR DUMMIES
CHAPTER XII
CHAT ROOMS, MUCKs, MUDs, and IRC.
"Chat" is how you can converse online with other users at the same site interactively in real time (mostly).
these "multi user dimensions" cover a wide variety of subjects, and many cater to individuals who are into role-playing and fantasy.
you can play the part of anyone you might wish to be, and all those you chat with can do the same, pretending to be any species, gender, or personality type on a whim.
NOTE: Regardless of how interesting that last bit may have sounded, It was meant to be a big-ass WARNING!

Online mag for non-lolitas
What are the options?
I'm not sure.
It should be something simple, and give a sense of myself and my interests, but not something I'll regret using a few days after I've picked it.
I don't know - what do you think of when you hear "Sabrina"?
other than "Teenage Witch"?
